To Whom It May Concern,

It is my pleasure to write a letter of recommendation on behalf of Kate Bobbitt, Grand Canyon University student. Kate completed her student teaching with me from August 2021 to October 2021 working with students who range in age from 3 to 5 years old. In the time Kate taught at Sossaman Early Childhood Development Center, I witnessed her consistently arrive to work earlier than her contracted time and model professionalism in her attire.

Kate is an energetic, kind, patient and innovative teacher. During her time in my classroom, Kate did not have difficulty adjusting lessons to meet the needs of all learners. When necessary, she asked me questions and expressed an eagerness to learn more and try different methods and styles of teaching. While Kate was in her 3rd week of student teaching, my paraprofessional and I had to unexpectedly quarantine. Kate jumped right in and took charge for 3 days until my return. She demonstrated professionalism and flexibility during an unavoidable circumstance. She handled it with ease and was able to provide a bit of consistency during my absence.

I highly recommend Kate for a teaching position in your school district. She is committed to excellence in the classroom and will work tirelessly for kids. I have 24 years classroom experience in early childhood education and I am confident that Kate will be an excellent fit at your school. Kate is an aspiring teacher who dedicates herself completely to kids and values public education.
