To Whom It May Concern:

My name is William Blankenship. I had the pleasure of employing Kate as a combination of nanny, in-home-early childhood educator, and educational consultant from August 2021 – June 2022. Our daughter was 3-years-old and our son was 4-months-old at the start of Kate's employment.

Kate's skillset is rare. The time Kate spent with our family has had an outsized impact that has forever shaped our kiddos. Kate is nurturing and empathetic, and she has a deep knowledge of early childhood development. She is gifted at designing play-based learning to engage children. Our daughter would beg me and my wife to play the games she learned from Kate, which were learning exercises designed to improve her language, counting, and eye-hand coordination.

Early access to a top-tier early childhood educator gave our eldest the tools she needed to excel heading into kindergarten. Kate helped us be better parents, helped us navigate the school system with our daughter, and helped our children grow into the amazing kiddos they are today.

Even after Kate's employment ended, she showed her deep care for our kiddos by continuing to invest in relationship with our family. We have loved watching Kate become a mom to her own son and are so excited for her new venture with Kate's Corner Preschool.

We are blessed to have had Kate in our home for the time we did. I wholeheartedly recommend entrusting your children to Kate's care. Feel free to ask Kate for my contact information and reach out with any further questions.

Sincerely,

William Blankenship
